## Indian Summer Sports

Basking in the Sun at Sandy Neck

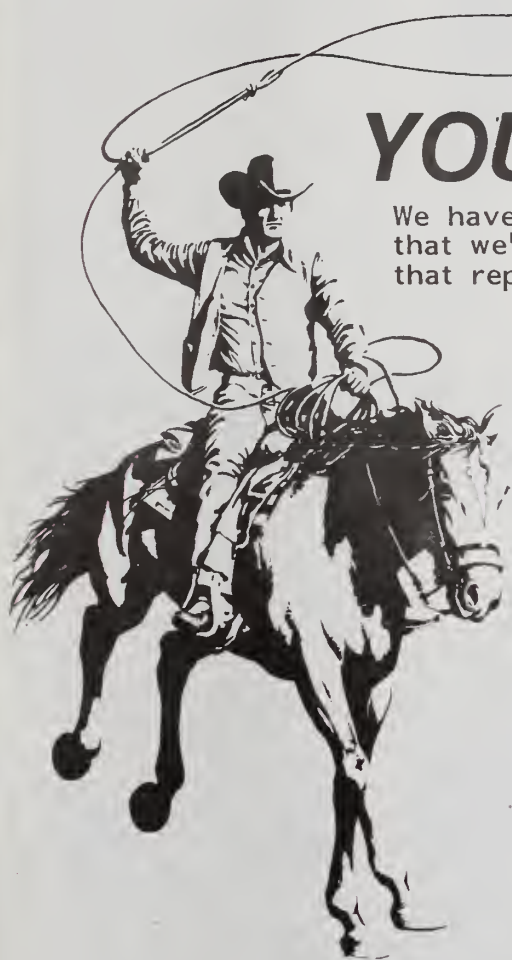

It was a day that is rare in June. In late October, it was a rare jewel of a day. It was Sunday, October 29 and people met at Sandy Neck to enjoy en masse the 70° warmth of the day. Several children and at least two adults walked into the inviting water and swam in water that is liquid ice in the warmest spell of mid summer. It was a day for such gentle madness. Sandy Neck

in Barnstable, Cape Cod, right across the Sandwich line, is a magnificent stretch of sea and dune. It is a place to lose the real world and walk into the Sahara. It is a place to walk a beach that stretches into infinity. It is a spot to play king of the hill and live the life of a Sheik. You can be king for a day when the temperature stands at 70-plus in late October.

higher receipts than expected, said Selectmen Chairman Bernard F. Talty. A statement made by Assessor John D. Gibbons after last week's Selectmen's meeting that there was an error in the capital expenditure exclusion is incorrect, the Board members agreed.

Also, a typographical error in last week's Selectmen's meeting report showed the estimated amount suggested at that time for the reserve fund as 423,000 -- it should have read \$23,000, an amount since reduced to \$15,000.

The six articles will include a request for \$15,000. addition to reserve fund; \$140,000 for 5 percent increases for town employees; a sum for elected officials' increases; a sum of \$1000 to pay old bills; \$50,000 to be added to Elementary Schools budget; \$32,190 for the trash collection contract from January 1 through June 30, 1990. (The Warrant is printed in the Legal Advertising section of this Presto issue.)

In other business, Selectmen:

CONSTRUCTION CORP. 997-6544

Following an initial inspection by the Building Inspector, Board of Health Agent Dale Barrows and Health Board member Daniel C. Lee, Conservation Commission member William Straus and others, it became necessary to obtain a court-ordered search warrant to take photographs on the Roy property, reported Mr. Bobola. The photos showed testing holes for soil samples, garage storage of materials, the kiln, converted garage to a dwelling, and underground vault area, storage of batteries and general conditions of the rear yard. Police Officer E. Stanley Ennis was present when the photographs were taken.

On October 10th the Building Inspector was accompanied by the health agent and board member, and Conservation Commission as well as Mr. Carl Leidhold, Olde Boston Environmental Associates, Inc., Mr. Conrad Roy, property owner, Attorney Nancy Shack, Mr. Roy's representative, and Mr. David McIntire, an abutter's representative.

When the Building Inspector attempted to take photographs he was stopped by Attorney Shack and was told to get a court order. Measurements were then taken by the inspector from the Staelin property, abutting the Roy property on the south side. Some photos were taken from the town street and some testing was done. One

of the problems involves a submerged pit in the area of the kiln, reported the inspector.

Additionally, the inspector notified Wire Inspector Russell I. Pierce to inspect the Roy property to check what appeared to be electrical code violations with the wiring of an electrical panel in the garage, the wiring of the motors that heat a kiln on the exterior of the property, and wires directly fed into an electrical panel with improper connectors and no panel cover in place for protection.

**RECEIVED A LETTER** from Ms. Linda Belanger of Raynham, a 22-year summer resident of Point Connett, in which she suggested "considering the proposed subdivision of 16 building sites on land located to Angelica Avenue in the Point Connett area, I think this would be the ideal time to investigate an access out of Point Connett at the top of the hill on Angelica Avenue. For too many years the thought of only one exit into and out of the heavily developed areas of Crescent Beach and Point Connett has bothered me. I do not believe this can go on much longer with all of the developing going on. Please direct this letter to the Boards in town who could have input into this matter."

Ms. Belanger's letter will be sent to the Planning Board, Fire Chief and Police Chief.

**RECEIVED A CHECK** in the amount of \$783 as the result of a settlement of bid-rigging suit involving bituminous concrete. The suit did not involve the Town of Mattapoisett other than it purchased the material at one time.

NOTED the Council on Aging will be asked to pay the \$340. for the changes to the ambulance bay of the old police station to accommodate the council's van. As the bill has to be paid immediately, the funds will be taken from some budget to pay the bill and be reimbursed by the council, the Administrative Assistant said.

Chairman Talty and Selectman William F. Hubbard felt the funds should come from the council's budget as the changes were made to accommodate the van. However, should the council's budget run short, they can seek funds from the Reserve Fund, Selectmen agreed. Selectman John N. DeCosta personally felt the funds should come from the Town Hall budget.

WERE NOTIFIED the Personnel Board has approved a new Administrative Clerk position in the Water/Sewer Department. This does not involve a second position in the office, but a reclassification of the present secretarial position. The Personnel Board reported the position must be posted and advertised.

## Halloween Winners

**HALLOWEEN WET**  
but spooky still

Halloween, for one of the few times in  
modern memory, was drowned out in an un-  
timely deluge. The parade was impossible  
under the conditions that prevailed and  
was cancelled. The party hosted by the  
Mattapoisett Police Department was on as  
usual. A cast of hundreds of spooks and  
friends converged on and into the Center  
School gym which was so jammed that the  
body heat shot the temperature sky high.

The Mattapoisett Police did a noble job  
of sorting out the various categories so  
that the judging could take place. The  
judges did their customary good job under  
more stress than usual since the mass of  
bodies was so packed.

The costumes were ingenious and color-  
ful. Our apologies to all since for the  
first time in 35 years we did not get a  
picture we could use. The camera lens  
was so fogged by the heat and humidity  
that our prints were too dim to reproduce.  
We are sorry because the winners were  
super. We invite anyone who did get  
successful photos to share them with us  
and the town. If you have good prints

of the winners please bring them in so we  
can print them next week.

All who came to the gym went away  
happily loaded down with gifts of  
candy and other goodies bought by the

## "Rite of Fall"

### MARION ART CENTER

The time is fast approaching for the arrival of the 1989 Beaujolais Nouveau wine. The date of this annual "Rite of Fall", which is governed by French law, has traditionally been a festive event in France. Wine lovers await its release, filling French cafes and wateringholes throughout the world for that "first taste" of the new vintage wine.

Beaujolais Nouveau is the very first release of the current vintage, bottled very young to capture all the fruit and freshness of the recently harvested grapes. It makes no pretense of finesse - it is a light-hearted wine for drinking NOW.

The first bottles of Nouveau to arrive in this country are flown in from France, much to the delight of sippers too anxious to await its normal journey by ship.

In this tradition, the Marion Art Center and Spirits are pleased to present their own "Beaujolais Nouveau Tasting", giving all area oenophiles an opportunity to sample this year's vintage. The gala event will

### Old Hammondtown School STUDENTS LEARN ABOUT CRANBERRIES

After several disappointing days of inclement weather, Miss Aiken's 5th grade class at Old Hammondtown School was finally able to get out to Tinkhamton to visit Nancy and Howard Tinkham's cranberry bog on October 2nd. The children were greeted by the Tinkhams and several family friends after a brisk hike through the woods to the bog.

Two western pickers were on hand and Mr. Tinkham described the proper way to dry pick the berries on the bog. Mrs. Tinkham demonstrated how the old fashioned hand scoop is still used to pick in the ditches. Miss Aiken took the children down to the Mattapoisett River to explain how the water supply system worked. The highlight of the day for the children was helping to work the hopper which separates the chaff from the berries. Before leaving the bog, the children enjoyed cranberry cookies and cranberry juice.

The members of Miss Aiken's class felt this was a very worthwhile and rewarding field trip because not one of them had ever been on a working bog before that day.

Miss Aiken's class spent an afternoon learning more about the importance of the cranberry industry to Massachusetts economy.

### Congregational Church

Everyone argues today the extent to which we are influenced by the music we hear, the T.V. programs, and movies we see, and the people we admire. As one author, Louis Hallie, puts it, "We will become what we are obsessed with." If this is true, then what examples are there for us to follow - be obsessed with - in order to learn the ways of fairness, love, and justice? We choose these examples and we need to select them carefully.

## Letters to the Editor

As a concerned parent with children in all of the Mattapoisett schools, I would like to see a major portion of the monies discovered by the town assessors returned to the schools of our town. Our School Committee has had to make large cuts in our school's programs. For the sake of our children's education, I would like to see these programs fully restored so that they can continue to deliver the quality of

education our students deserve.

I would urge the voters to go to town meeting on November 13 and vote generous-

An appeal filed with the Town Clerk on

In the decision, the Board found that the

struction of a 12 foot by 16 foot wood shed. The application shows the proposed use as residential. The "shed" is a two-story building with outside decks extending from the first and second floors, designated as a storage building.

In addition, upon conflicting oral testimony, the Board finds that the sketch was not shown to the Building Inspector at any time before issuance of the building permit and that the Building Inspector believed the proposed "shed" was to be a small and simple one-story utility shed for residential use.

The proposed expansion of the dental office was described by Dr. Tavares as a one-story addition for a private office and a hall for passage and place for office files and a connecting passageway. A number of neighboring landowners appeared in opposition to the proposed expansion and in support of the action of the building inspector. The public policy of the town in the zoning by-law is to limit the total floor area of the structures devoted to accessory professional, trade or home occupation uses in residential districts.

At the public hearing, Dr. Tavares presented neither evidence nor argument

## "Messiah" in Rehearsal

ADULTS JOIN WITH STUDENTS  
FOR "MESSIAH"

One of the reasons that last year's presentation of the Vivaldi "Gloria" had such a rich sound was the array of adult voices joining with those of the student chorus. This year's "Messiah" will also include a full complement of adult voices. Many of those involved are members of faculties from school in the three-town area, but other members of the community have also joined in to lend their vocal, as well as moral support to this special holiday production.

The following adults will be lifting their voices in union with the students: Sopranos: Susan Moxley, Doris Gardner, Sue Zartman, Linda Boucher, Ruth Cote, Eileen Caron, Beverly Peduzzi, Sylvia

alcoholism or substance abuse but will also be applicable to others.

Dr. Gordon McLennan, who will be moderating the program, comments that "anger is a very easy emotion to hold onto. We feel wronged and hurt and mad, and we hold onto the anger. It slowly turns to resentment and can damage or even destroy relationships. We need to learn some healthier ways of expressing anger and, importantly, of letting it go."

Dr. McLennan adds that "handling anger effectively can be a particular problem for alcoholics and their families. In families where there is alcoholism, a lot of anger gets built up. The anger is often either suppressed for years or else periodically explodes in destructive ways. So, learning to deal with anger and work through it is of particular importance to these families." Dr. McLennan is a psychologist at Southeastern Massachusetts University and in private practice with the Marion Center Associates.

The awareness hour will begin with the showing of a film entitled "Feelings" narrated by Father Martin, which explores the many feelings experienced by alcoholics and their families, with a special focus on anger and resentment. The film will be followed by a question-and-answer session and a discussion.

The event is free of charge, although donations will be welcome. Proceeds go to the Marion Center Associates Foundation to support the awareness hour.

### Marion Home Health Care

The Marion Visiting Nurse Association (VNA) and St. Luke's Hospital of New Bedford announce plans to merge the two organizations on January 1, 1990. The Marion VNA will be consolidated with St. Luke's Hospital Home Care Services. The joint announcement was recently made by officials representing both organizations.

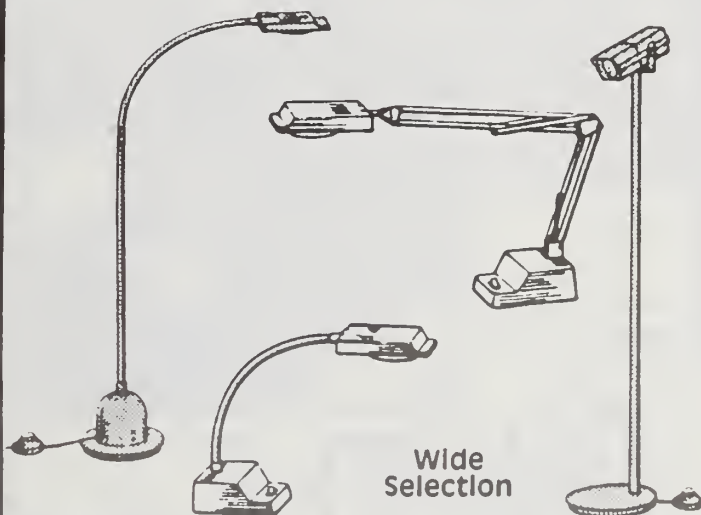

Patients in the communities served by both organizations will continue to receive the same services without interruption. "This new affiliation, which folds our organization into St. Luke's health system, will strengthen our ability to deliver home care services to the residents of our local communities", noted Margot D. Arms, President of the Marion VNA. The Marion VNA currently serves patients in the towns of Marion, Mattapoisett, Rochester and Wareham.

"Because the delivery of home health care is becoming more complex, demanding a greater range of technical and specialty services", continued Mrs. Arms, "the Marion VNA can better meet the changing needs of its communities with the wider scope of resources available through the larger, more comprehensive St. Luke's health system. While the Marion VNA has consistently maintained a financially sound organization, the future viability of small independent services, such as ours, cannot be guaranteed in a highly regulated and uncertain economic environment. Given all these considerations, the merger with St. Luke's represents the best possible alternative to provide the people of our local communities with the assurance of continued high quality home health care services in the years ahead."

For St. Luke's Hospital there are also many benefits to be derived from the merger. "St. Luke's already serves patients in the Marion, Mattapoissett and Rochester communities," commented John Bihldorff, president and CEO of St. Luke's Hospital of New Bedford. "With this merger we will be in a better position to enhance and expand the care offered to them by having a fully staffed satellite division serving those areas. Both organizations share a philosophy rooted in our mutual mission to provide the best possible home care for the patients in our respective communities. It now

seems natural to work together as one entity."

The Marion VNA staff members will continue in their respective capacities, but as employees of St. Luke's Hospital of New Bedford when the merger becomes official. The office and telephone number will remain the same. The only obvious difference is that patients and their third party payors will receive billing statements from St. Luke's Hospital.

The merger does not involve the creation of a new corporation. On January 1, 1990 the Marion Visiting Nurse Association will continue to operate from its headquarters at the Sippican School in Marion under a slightly revised name and a new affiliation. It will be called the Marion Visiting Nurses, a division of St. Luke's Hospital Home Care Services. Its board of trustees has voluntarily chosen to dissolve and to transfer the governing responsibilities to the board of trustees of St. Luke's, a non-profit hospital. Members of the Marion board have decided to reorganize as "The Friends of the Marion Visiting Nurses", dedicated to supporting special community programs through fund

raising activities. The affiliation of the St. Luke's and Marion home care services presents two opportunities for community philanthropic support. As part of the St. Luke's health system, the department of Home Care Services as well as its Marion division share the benefits resulting from annual fund raising programs that support the hospital in general with unrestricted gifts. However, contributions to benefit specifically St. Luke's Home Care Services or its Marion Visiting Nurses Division will continue to be accepted and restricted for these purposes by St. Luke's Health Foundation of Greater New Bedford.

Newly developed medical technology combined with the trend to seek more cost effective health care delivery systems have contributed to the growing demand for home health services. Home care is ranked as the fastest growing segment of health care in the nation today. The Marion VNA's caseload alone has tripled within the last five years, while St. Luke's increasing volume has conferred the organization with the distinction of being one of the state's top five agencies based on the number of home care visits.

Both organizations have a long history of community service. St. Luke's Hospital Home Care Services traces its origins as the third oldest visiting nurse association in the country dating back to 1891, when it served the City of New Bedford. Its first expansion came early in 1915 when the organization initiated service to the towns of Fairhaven, Dartmouth and Acushnet. In 1973, faced with dwindling resources and a need to expand its services, the organization affiliated with St. Luke's Hospital. Today St. Luke's Hospital Home Care Services reaches out not only

patients in the towns of Marion, Mattapoisett, Rochester and Wareham. Last year the staff of 19 home health care members made over 9,000 visits.

Services offered by St. Luke's Hospital Home Care Services and its future Marion division include a full range of care directed at preventing disease, promoting, maintaining and restoring health and minimizing the effects of illness or disability. Most cases are managed by a visiting nurse who works closely with the patient's personal physician. Other specialty staff include home health aides, social workers, and physical, occupational and speech therapists. There are no age or income requirements for patients. These services provide help with the home care needs of new mothers, newborns and children, the elderly, patients recovering after surgery or patients with other conditions such as heart problems, stroke, diabetes or cancer. Hospice care for terminally ill patients is also provided. Services are covered by Medicare, Medicaid and other insurances, in most cases.

## "Driving Miss Daisy"

COMES TO ZEITERION NOVEMBER 16

When an Atlanta businessman hires a black chauffeur for his aging mother in the Pulitzer Prize-winning play *Driving Miss Daisy*, both the wealthy white woman and her driver learn some lessons about prejudice and friendship. The Broadway comedy comes to New Bedford's Zeiterion Theatre November 16th at 8 p.m.

Rosemary Prinz stars in the title role in Alfred Uhry's endearing play which is based on his recollections of his grandmother and her chauffeur. Ms. Prinz was daytime television's first star as Penny on "As the World Turns", which she played for 12 years. During that time she also starred in nearly 50 plays across the country, including *The Glass Menagerie* and *Gypsy*.

Ted Lange, known as the genial bartender Isaac Washington on television's *The Love Boat*, has played many stage roles in such varied fare as *Hair*, *Romeo and Juliet* and *Othello*. Mr. Lange plays the chauffeur in this production. He has

soon as possible to arrange an appointment, as spaces in the program are limited. Spring classes begin on January 22.

Now in its fourth year at the New Bedford Campus, the associate degree program is allied with the Physical Therapy Department at St. Luke's Hospital. The general education requirements of the program are taught at Newbury's New Bedford High School location, while the professional courses are conducted at St. Luke's by members of the Physical Therapy staff.

The evening program, designed for the convenience of adult students with day-

time obligations, has been developed to meet the growing community need for trained assistants to work with the registered physical therapists in such fields as sports medicine, neurology, pediatrics, and geriatrics. It also offers wider opportunities for students, many already working in the PT field, to attain a degree and to prepare for the state licensure examination.

Newbury College, a two-year college, is accredited by the New England Association of Schools and Colleges, and offers over 30 programs of study in many locations throughout eastern Massachusetts.

## **"Alchemedians I"**

### **AFTERNOON OF WACKY COMEDY**

The best of the circus comes to New Bedford's when clown Bob Berky and juggler Michael Moschen bring their act to the Zeiterion Theatre on November 19th. While Berky makes you laugh, Moschen will have you sighing in wonder as only the circus can. Their Sunday afternoon appearance is being sponsored by Polaroid.

Berky is an inspired clown, whose goofy antics -- like turning audience volunteers into clown accomplices -- never fail to make your sides split. And he does it all without speaking; instead, he quacks his directions on a dime-store kazoo. Both children and adults can't stop laughing at his innocent tomfoolery.

Paired with Berky's hilarious doings is the wonder of Moschen's juggling. Using crystal balls he makes them swirl over his hands, arms, shoulders and legs in a routine that is deceptively simple. The scene approaches the mystical as the crystal balls catch the stage lights and look like jewels.

The title of their show, Alchemedians I, is a word play on the medieval chicanery of alchemy. But unlike the medieval confidence men who said they could turn lead

Q.

I'VE HEARD THAT PEOPLE WHO USE VIDEO DISPLAY TERMINALS ALL DAY SHOULD TAKE REST BREAKS. HOW OFTEN AND FOR HOW LONG SHOULD I TAKE A BREAK?

A. Rest breaks are important for VDT users because VDT work generally requires intense concentration on the screen and hard copy.

The National Institute of Occupational Safety and Health (NIOSH) recommends a 15-minute alternate task break every hour for those under high visual demands, such as data entry persons, and every two hours for those who spend no more than 60 percent of their time looking at a VDT screen.

Rest breaks should be spent focusing the eyes into the distance, perhaps across the room or out a window, or doing tasks requiring minimum visual effort. Running an office errand to another part of the building or conferring with a colleague are two such tasks.

If rest breaks do not eliminate any eyestrain symptoms you are suffering, such as burning or tired eyes, headaches or blurred vision, seek a thorough eye examination. Your eyes may need help on the job.

Presented in the interest of better vision by

### ATTEND SEMASC FALL CONVENTION

On October 27th nine members of the Old Colony Student Council attended the SEMASC Fall Convention held at Holbrook High School.

Tara Medeiros, Dennis Tripp, Keith Jordoin, Sue Kallio, Beverly Connor, Tracy Weckesser, Jason Casmira, Dee Weston and Cheryl Benner joined students from high schools across southeastern Massachusetts in this day-long event. The students had the opportunity to participate in selected workshops throughout the day. The workshops focused on such subjects as learning to increase self-understanding, learning techniques for dealing with everyday stress and learning how to reach out to the entire student body. Upon completion of the workshops, the students gathered together for a question and answer session and then evaluated the program. Students also had an opportunity to elect a new site for the Spring Convention. The keynote speaker was Dan Catt, Executive Director of the Arizona Association of Student Councils. He spoke on the topic of setting your dreams and the path to take in reaching that dream.

Casimiro Santos, the student council advisor, stated this convention was a good learning experience for the members who attended and credited the Old Colony School District for sponsoring this worthwhile event.

will be on hand from 1 to 4 p.m. on Saturday, November 18th, to autograph copies of two delightful Christmas books for children. "A Tiny Miracle", a Benjamin Franklin Honor Book, is a wonderful read-aloud book which affirms some important values including love between generations and kindness for others. "Poofin" tells the story of a small, fluffy cloud sent to earth just before Christmas to learn why clouds are important to people. These heartwarming Christmas stories are beautifully illustrated by artist Jack Crompton of East Sandwich.

The Burgess Museum is located on Route 130 in historic Sandwich Village. Daily hours are 10 a.m. to 4 p.m., Sundays 1 to 4 p.m. Admission is by donation.
